

The Michael Messages

Introduction

Between July, 1998 and July, 1999, Deb Clark worked with Michael, the Archangel. During that time, when Deb's Michael medal grew heavy, she would center herself and meditate. Michael would then *take* Deb to a world without words. Through shared visions and insight, the archangel entrusted to her 18 messages of hope for her and humankind. Her task, then, was to *return* to the earth realm and *translate* that which was shared into human language. Deb called them *The Michael Messages*.
